

Teacher Prompt

Your task is to classify the primary communicative action of the child...

{Hint: ... Gesture ...}

An example response is shown below...

① Dataset Generation

Teacher Description

In the video, the child reaches their hand and arm out towards the toys on the floor. This directed movement of the limbs to indicate interest or interaction is a clear example of a gesture, as defined in option 3.

Predicted Class: 3

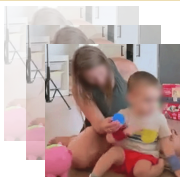

$x_{\text{syn}}^{(i)}$

Student Prompt

Your task is to classify the primary communicative action of the child...

...

An example response is shown below...

② Finetuning

Student Description

In the video, the child is seen sitting on the floor and reaching out with their hand to touch or interact with a toy. This directed movement of the hand and arm to engage with an object is a clear example of a gesture.

Predicted Class: 3

$\hat{x}^{(i)}$
